Nexon Announces Development of *Dynasty Warriors 9 Mobile* (tentative title)!

Original Title's Open World, Thrilling Action by Mighty Warriors Recreated on Mobile

TOKYO – March 15, 2019 – NEXON Co., Ltd. (3659.TO) (“Nexon”), a global leader in online games, announced today that its consolidated subsidiary NEXON Korea Corporation (“Nexon Korea”) has entered into licensing and global publishing agreements with KOEI TECMO GAMES Co., LTD. (“Koei Tecmo”), and that the development of Massively Multiplayer Online Role-Playing Game (MMORPG) *Dynasty Warriors 9 Mobile* based on *Dynasty Warriors 9* Intellectual Property (IP) is currently underway.

Dynasty Warriors 9 Mobile, which is currently under development by the development team “One Studio” under Nexon Korea, is an action MMORPG based on Koei Tecmo’s *Dynasty Warriors* IP. The game recreates the original title’s open world and the thrilling action displayed by mighty warriors.

“We are very happy to be able to deliver *Dynasty Warriors 9*, which is a representative Musou action game, as a mobile MMORPG. Please look forward to enjoying the unique action of *Dynasty Warriors 9 Mobile*,” said Kun Wook Song, Development Director of One Studio, at the time of this announcement.

【What is *Dynasty Warriors 9*?】

Dynasty Warriors 9 is the latest title in the popular *Dynasty Warriors* franchise, which has pioneered the genre of “Musou (unmatched) action.” This game is the first in the franchise to introduce an open world, allowing its players to experience a completely new Musou experience with greater freedom. It is equipped with new action called the “state combo system,” which enables users to fight in many different ways depending on the surrounding situation. Players can experience some of the franchise’s most thrilling action displayed by mighty warriors.
