Business Tie-Up with Two Cambodian Employee Placement Companies for Dispatch of Workers to Thailand - Securing Cambodian Workers -

Nippon Manufacturing Service Corporation

Nippon Manufacturing Service Corporation (headquartered in Shinjuku-ku, Tokyo; Fumiaki Ono, President & CEO; hereinafter “nms”) announces that its Thailand subsidiary (nms Thailand) has concluded a business tie-up with Cambodian employee placement companies SOK CHAMNOL Co., Ltd. (hereinafter “SOK”) and UNG RITHY GROUP Co., Ltd. (hereinafter “UNG”) for the dispatch of Cambodian workers to Thailand. The signing ceremony was held on Monday, December 8, 2014 at the Imperial Garden Villa & Hotel.

SOK and UNG are government approved employee placement companies that send between 700 and 1000 Cambodian workers each year to Thailand.

This is the first time that SOK and UNG have concluded a business tie-up with a Japanese firm.

Nms commenced the dispatch of workers in Thailand upon the establishment of nms Thailand on September 12, 2014. Japanese manufacturers expanding their business into Thailand now have a more diverse range of personnel-related needs: not only do they need to secure manpower, they also require support in terms of labor management, basic education in respect of manufacturing, and etiquette training. Since nms is already dispatching manufacturing workers in China, and operating a contracting business for manufacturing industry in Vietnam, the company possesses the necessary know-how to provide this support, including education of foreign workers and labor management. The high regard in which this know-how is held has led to the latest business tie-up with the two companies.

The business tie-up partners SOK and UNG are members of the Association of Cambodian Recruitment Agencies (hereinafter “ACRA”), certified by the government as an organization for the overseas placement of Cambodian workers. Also, the Chairwoman of ACRA is UNG

President Oknha.Ung Seangrithy. This business tie-up enables nms Thailand to secure the dispatch of Cambodian workers to Thailand, which it is expected will lead to the expansion of the worker dispatch business in Thailand.

It is aimed to retain 10,000 workers dispatched from Cambodia over the next three years.
