■ TOPICS

In October, sales across all of the company's directly operated eyewear specialized stores in Japan fell -2.1% YoY; sales at existing stores fell -5.4% YoY.

During the month, sales were hurt by the consumption tax hike and by the tentative closing of 212 stores, mainly in the Kanto area, due to Typhoon Hagibis hitting Japan on October 12. Although higher-priced products such as "Combi Slim Airframe," which continues to be offered at the ¥12,000 price point, showed strong performance, sales at existing stores finished down -5.4% YoY.

At the end of October, the number of directly operated eyewear specialized stores in Japan was 393 (a net increase of four stores).
