1. Qualitative Information on Quarterly Financial Results

(1) Explanation of Business Results

During the three months ended June 30, 2023, although the outlook for the Japanese economy remained uncertain due to the Bank of Japan's raising of long-term interest rates, sharp exchange rate fluctuations, the situation in Ukraine, and soaring prices, favorable factors emerged such as the transition to bullish stock prices and continuous increases of inbound travel to Japan.

Since the current fiscal year is the final year of the Group's "Medium-Term Management Plan 2024" announced on June 22, 2021, we have set the following three priority measures and will actively accelerate the business towards achieving our plan.

- (i) Actualize an exit strategy (REIT, STO (Note 1), etc) \Rightarrow Completion of an asset cycle business
- (ii) Reinforce assets under management (AUM (Note 2)) ⇒ Group AUM 500 billion yen, groundwork to stabilize and increase future earnings
- (iii) Increase hotel revenue \Rightarrow Increase value of hotel assets

(Note) 1. STO: Security Token Offering

2. AUM: Asset Under Management

As a result, during the three months ended June 30, 2023, net sales were \$1,588,442 thousand (down 175.7% year-on-year), operating loss was \$354,755 thousand (compared to an operating loss of \$596,615 thousand in the same period of the previous fiscal year), ordinary loss was \$613,122 thousand (compared to an ordinary loss of \$736,453 thousand in the same period of the previous fiscal year) and net loss attributable to owners of parent was \$444,927 thousand (compared to net loss attributable to owners of parent of \$508,429 thousand in the same period of the previous fiscal year).

Business results by segment were as follows.

(Note) Transactions between segments have not been eliminated.

(Hotel management business)

In the hotel industry, in which our hotel management business operates, the number of hotel guests has increased significantly due to a significant increase in inbound travel and the government's travel support measures. The number of foreign visitors to Japan announced by the Japan National Tourism Organization (JNTO) has continued to increase since October 2022.

The Group has been significantly affected by the increase in inbound travel, resulting in an increase in all operated hotel sales when compared to the same period of the previous fiscal year. In particular, the performance of hotels increased in Kyoto for the spring tourist season centered around the "Dhawa Yura Kyoto" (84 Ohashi-cho, Sanjo-dori-ohashi Higashi-iru, Higashiyama-ku, Kyoto City) and the "Garrya Nijo Castle Kyoto" (180-1 Ichino-cho, Nakagyo-ku, Kyoto City) which were rebranded during the same period of the previous fiscal year.

			(Thousands of yen)
		Operated hotels sales	Percentage change from the same period of the previous fiscal year
1st quarter of the previous fiscal year	(April 1, 2022 to June 30, 2022)	510,370	261.9%
2nd quarter of the previous fiscal year	(July 1, 2022 to September 30, 2022)	524,569	96.7%
3rd quarter of the previous fiscal year	(October 1, 2022 to December 31, 2022)	1,121,361	102.2%
4th quarter of the previous fiscal year	(January 1, 2023 to March 31, 2023)	1,153,695	188.4%
1st quarter of the current fiscal year	(April 1, 2023 to June 30, 2023)	1,499,800	193.9%

(Note) 1. Operated hotel sales is the total amount of management accounting revenue from hotels operated by the Group.

2. Transactions between segments have not been eliminated.

3. Does not match the hotel management business sales because consulting sales, etc., are not included.

(Asset management business and real estate business)

In the real estate market, to which the asset management business and real estate business belong, although there are concerns about increased costs due to soaring prices and rising long-term interest rates, the rapid performance growth in the hotel industry has caused hotel asset investors and financial institutions to continue their aggressive stance towards subordinate investment and financing of the hotel development business.

The Group recorded an operating loss due to the absence of large property sales and such during the three months ended June 30, 2023 but plans to gradually acquire new properties such as "Hotel Emisia Sapporo" as announced on July 25, 2023 to increase opportunities for revenue. Furthermore, construction of "Six Senses Kyoto" is scheduled for completion during the current fiscal year, and construction of "Banyan Tree Higashiyama Kyoto" is scheduled for completion in spring 2024 and the work is proceeding as planned.

(2) Explanation of Financial Position

With regard to the financial position as of June 30, 2023, total assets were \$49,859,457 thousand, liabilities were \$34,090,269 thousand and net assets were \$15,769,188 thousand.

Total assets decreased by ¥45,475 thousand compared to the end of the previous fiscal year. This was mainly due to a decrease in cash and deposits, while deferred tax assets increased.

Liabilities decreased by ¥26,345 thousand compared to the end of the previous fiscal year. This was mainly due to an increase in short-term borrowings and long-term borrowings, while income taxes payable, current liabilities, and others decreased.

Net assets decreased by ¥19,130 thousand compared to the end of the previous fiscal year. This was mainly due to an increase in share capital and capital surplus due to the issuance of new shares because of restricted share remuneration and the exercise of share acquisition rights, despite a decrease in retained earnings due to the recording of a net loss attributable to owners of parent and dividends paid.

(3) Explanation of Forward-looking Information Such as Consolidated Earnings Forecasts

There is no change in the forecast of consolidated financial result for the fiscal year ending March 31, 2024 from the forecast of consolidated financial result (full year) for the fiscal year ending March 31, 2024 announced on May 11, 2023.
