Notice of Revision to Dividend Forecast (Dividend Increase)

Information Services International-Dentsu, Ltd. (ISID), based on recent results performance, announces a revision to its dividend forecast for the fiscal year ended December 2016, as follows.

1. Reasons for the Dividend Forecast Revision

ISID recognizes that returning profits to shareholders is an important management issue, and has established a basic policy for continually providing an appropriate and stable dividend, while retaining earnings to realize sustainable growth. Regarding to enhance shareholder returns, ISID targets a consolidated payout ratio at the range of 35-40%.

As indicated in “Notice of Revision to Forecasts” released today, the ISID Group anticipates increases in net sales, operating income, ordinary income and net income attributable to parent company’s shareholders for the fiscal year ended December 2016.

Under such circumstances, the Company, inconsideration of such factors as the above mentioned dividend policy, the earnings forecast, and future capital requirements, has decided to further enhance shareholder returns, and revise its year-end dividend to ¥29 per share, from the initial forecast of ¥21 per share. As a result, the full-year dividend per share is expected to be ¥50 per share, ¥8 increase from the previous fiscal year.

2. Details of the Revision

| Date of Record | Dividends per share (Yen) | | |
|--|---------------------------|-----------------|-----------|
| | End of 2nd quarter | Fiscal year-end | Full year |
| Previous forecast | | 21.00 | 42.00 |
| Revised forecast | | 29.00 | 50.00 |
| Actual dividends for fiscal year ended December 31, 2016 | 21.00 | | |
| Actual dividends for fiscal year ended December 31, 2015 | 14.00 | 18.00 | 32.00 |

Forward-Looking Statements

The forecast figures for sales and earnings presented in this document were determined in accordance with industry trends, client situations, and other judgments and assumptions made with information available at the time of preparation. Accordingly, actual sales and earnings may differ from forecasts as a result of uncertainties inherent in the forecasts, as well as internal and external fluctuations in business operations.
