1. Basic Views

Based on our “Corporate Philosophy,” which embodies our determination to achieve growth as a sustainable enterprise by contributing to a prosperous society through our uncompromising approach to product development, GLORY and its subsidiaries (collectively, the “Group”) aim to improve the corporate value by striving to exist in harmony with society and earn the trust and support of all stakeholders. To this end, we will strive to improve corporate governance by strengthening supervisory and executive functions of management, ensuring expedited, transparent and objective decision-making, and enhancing compliance management, thereby further improving the corporate value.

[Disclosure Based on the Principles of the Corporate Governance Code] <Updated>

<Principle 1.4: Cross-Shareholding*>

It is our policy to hold other companies’ listed shares as cross-shareholdings only if, based on a broad consideration of factors such as the business strategies and transaction status of any investee company, we determine that the corporate value of the Group would increase by maintaining or enhancing our relationship with such company. We will pay attention to the soundness of the investee company, consider the market value of shares as well as the dividends and other returns of such company, thereby ensuring the economic rationale of such holdings.

Further, with respect to each individual cross-shareholding, the economic rationale and future outlook are examined by the Board of Directors from a mid- to long-term perspective based upon such factors as their returns and risks and, based on such examination, the purposes of such holdings and their rationale, as well as the justifiability of continuing such holdings, are verified on an annual basis. Additionally, such holding is reconsidered if it is not found to be suitable.

In FY 2017, the Board of Directors conducted verification of all listed shares held by the Company as cross-shareholdings taking into consideration the stock name, purpose and rationale of such holdings and decided to continue to hold the stocks whose suitability was confirmed. Further, some of the shares were sold due to reasons such as deviation from the original purpose and the lessening of the significance of such holdings.

When exercising voting rights on cross-held shares, the Company will determine how to vote after comprehensively taking into consideration various circumstances, including the condition of each investee company, in addition to criteria such as whether exercising the voting rights will improve the corporate value of the Company and the investee company.

* *Cross-shareholdings here include not only mutual shareholdings but also unilateral ones.*

<Principle 1.7: Related Party Transactions>

When the Company conducts any transactions with related parties, such as Directors and *kansayaku* (hereinafter “Audit & Supervisory Board members” or “A&SB members”) or major shareholders, approvals of the Board of Directors are obtained in advance to ensure such transactions do not harm the Group or the common interests of its shareholders, unless the terms of the transactions are equivalent to those of other general transactions.

Further, aside from the foregoing, the Company’s “Regulations of the Board of Directors” stipulates that resolution of the Board of Directors is required before a Director conducts any competitive transactions, self-dealing transactions or any other transactions that would involve a conflict of interest with the Company.

Transactions with related parties are disclosed in accordance with the Companies Act, the Financial Instruments and Exchange Act and other applicable laws and regulations.

Meanwhile, A&SB members require Directors, regularly on an annual basis, to submit confirmation letters concerning their respective engagement in competitive transactions, self-dealing transactions and any other transactions that would involve a conflict of interest with the Company or transactions with shareholders under unusual terms of transactions, and provide reports thereof to the Board of Directors.

<Principle 2.6: Roles of Corporate Pension Funds as Asset Owners>

The Company manages its corporate pension plan through the GLORY Group Corporate Pension Fund and a contract-type pension plan. Recognizing that how the pension fund reserves are managed can influence not only the stable formation of beneficiaries’ assets but also its financial condition, the Company has been cultivating and assigning personnel who have appropriate qualities for the management of the pension fund reserves. Additionally, the Company has established a system for the sound management of pension assets by setting up expert committees regarding the corporate pension plan and utilizing outside professionals as necessary. Further, the status of the management of the pension fund reserves is reported to the Board of Directors regularly.

The Company's Audit & Supervisory Board is composed of two (2) full-time A&SB members and two (2) Outside A&SB members for a total of four (4) members and, in principle, meets once per month. A&SB members, including the Outside A&SB members, conduct audits based on an annual corporate audit plan determined in accordance with audit policy and the assignment of duties determined by the Audit & Supervisory Board. Based on such audits, A&SB members issue reports on the audit status and exchange information and views at meetings of the Audit & Supervisory Board.

The full-time A&SB members attend the important conferences such as the meetings of the Board of Directors and the Management Conference, and express their opinions as necessary. They share with other A&SB members, including Outside A&SB members, information obtained through inspection of key documents regarding management approval and reports and explanations from Directors and executive officers concerned, thereby endeavoring to monitor the status of execution of operations and ensure the effectiveness of audits. They also report the status of implementation and results of the audits to President on a quarterly basis and exchange opinions.

The two (2) Outside A&SB members play important roles in ensuring and enhancing legitimacy and adequacy in the Company's management by leveraging their extensive knowledge and experience in conducting audits of the Company.

(Accounting Auditors)

The Company has employed Deloitte Touche Tohmatsu (“Tohmatsu”) as its accounting auditors since June 2007. There are no material conflicts of interest between the Company and the Tohmatsu and its staff engaged in the Company audits. A policy is in place at Tohmatsu to limit the audit staff members’ involvement in the Company’s Audit to a fixed period of time.

Furthermore, to enable Directors (excluding executive Directors and the like) and A&SB members to fully perform their expected roles, the Articles of Incorporation of the Company provide that the Company may conclude agreements with such Directors and A&SB members to the effect that liability of Directors and A&SB members be limited. * The liability limitation described above shall be applicable in cases where Director performed the duties that became the cause of liability in good faith and without gross negligence.

Under such belief, the Company has adopted “Company with the Audit & Supervisory Board” as a form of corporate organization under the Companies Act. V. Other

1. Adoption of Anti-Takeover Measures

Adoption of Anti-Takeover Measures	Adopted
------------------------------------	---------

Supplementary Explanation

The Company has adopted a plan for countermeasures to deter large-scale acquisitions of its shares that do not contribute to the corporate value of the Company or the common interests of its shareholders (takeover defense measures) (the “Plan”), details of which are as follows:

(1) Basic Policy regarding Persons Who Control Decisions on the Company’s Financial and Business Policies

The Company believes that the persons who control decisions on the Company’s financial and business policies need to be persons who fully understand the details of the Company’s financial and business affairs and the source of the Company’s corporate value and who will make it possible to continually ensure and enhance the Company’s corporate value and the common interests of its shareholders.

The Company believes that ultimately its shareholders should make the decisions on any proposed acquisition that would involve a transfer of corporate control of the Company. Also, the Company would not reject a large-scale acquisition of the shares, etc. issued by the Company (the “Company’s shares, etc.”) if it would contribute to the corporate value of the Company and the common interests of its shareholders.

Nonetheless, there are some forms of corporate acquisition that benefit neither the corporate value of the target company nor the common interests of its shareholders, namely, those with a purpose that would obviously harm the corporate value of the target company and the common interests of its shareholders.

Especially, the Company is engaged in the money handling business and has important roles of not only promoting efficiency of money handling, but also supporting the money circulation systems of countries around the world. In order to maintain the society’s high level of trust and ensure further development through stable supply of its products, it is essential to fully understand the source of the Company’s corporate value such as the Company’s corporate philosophy, various kinds of technologies and know-how which are indispensable to the money handling machine business, and the relationship of trust with customers, business partners, local communities and other stakeholders.

Therefore, if a large-scale acquisition is made without understanding the source of the Company’s corporate value, the corporate value of the Company and the common interests of its shareholders would be significantly harmed. The Company believes that persons who would make a large-scale acquisition of the Company’s shares in a manner that does not contribute to the corporate value of the Company or the common interests of its shareholders would be inappropriate to control decisions on the Company’s financial and business policies. The Company believes that it is necessary to ensure the corporate value of the Company and the common interests of its shareholders by taking the necessary and reasonable countermeasures against a large-scale acquisition by such persons.

(2) Measures to Prevent Decisions on the Company’s Financial and Business Policies from being Controlled by Persons Viewed as Inappropriate Under the Basic Policy

a. The Purpose of the Plan

The Plan was re-adopted the Plan upon the approval at the 70th Ordinary General Meetings of Shareholders held in June 24, 2016 for the purpose of ensuring and enhancing the corporate value of the Company and the common interests of its shareholders in accordance with the above-mentioned Basic Policy. Specifically, the Plan is designed, for occasions of possible large-scale acquisitions of the Company’s shares, to deter any such acquisitions that are detrimental to the corporate value of the Company and the common interests of its shareholders, by securing necessary time and information for the shareholders to decide whether or not to accept such proposal or for the Company’s Board of Directors to provide an alternative proposal, and at the same time enabling the Board to discuss or negotiate with the possible acquirer.

b. Outline of the Plan

(i) Establishment of Procedures

The Plan sets forth the procedures applicable in cases of possible acquisition of Company’ shares, etc.

or any similar action, or a proposal therefor that falls under either of (i) A purchase or other acquisition that would result in the holding ratio of share certificates, etc. of a holder amounting to 20% or more of the share certificates, etc. issued by the Company; or (ii) A tender offer that would result in the owning ratio of share certificates, etc. of share certificates, etc. after the tender offer and the owning ratio of share certificates, etc. of a person having a special relationship after the tender offer totaling at least 20% of the share certificates, etc. issued by the Company (the “Large-Scale Acquisition”; the party effecting the Large-Scale Acquisition to be called the “Large-Scale Acquirer”).

(ii) Request for the Provision of Information

The Company’s Board of Directors will require the Large-Scale Acquirer to submit to the Board the information prescribed in the Plan for consideration before initiating the Large-Scale Acquisition.

(iii) Consideration and Recommendation by the Independent Committee (the “Committee”)

The Committee which is formed by Outside Directors etc. of the Company who are highly independent from the management of the Company considers information provided by the Large-Scale Acquirer or the Board of Directors, opinions on the Large-Scale Acquisition and any alternative proposals. If certain requirements prescribed by the Company are satisfied, such as when the Large-Scale Acquirer does not comply with the procedures prescribed in the Plan or the substance of the Large-Scale Acquisition threatens to harm the corporate value of the Company and the common interests of its shareholders, and if the Committee determines the implementation of the gratis allotment of Stock Acquisition Rights is reasonable, the Committee will recommend to the Board the implementation of the gratis allotment of Stock Acquisition Rights. If the Committee determines that the Large-Scale Acquisition by the Large-Scale Acquirer does not meet any of the requirements set forth, the Committee will recommend to the Board the non-implementation of the gratis allotment of Stock Acquisition Rights. The Committee may reserve its determination recommending the implementation of the gratis allotment of Stock Acquisition Rights until confirmation of the shareholders’ intent regarding the implementation is obtained.

(iv) Resolutions of the Board of Directors and Convocation of the Shareholders Intent Confirmation Meeting

The Company’s Board of Directors, in exercising its role under the Companies Act, will pass a resolution relating to the implementation or non-implementation of a gratis allotment of Stock Acquisition Rights respecting any recommendation by the Independent Committee described above as much as possible. However, the Company’s Board of Directors is able to confirm the shareholders’ intent if the Independent Committee determines that it is practically possible to confirm the intent of the Company’s shareholders and that the confirmation is appropriate in light of laws and ordinances and the duty of care of a good manager of the Company’s Board of Directors, or recommends the implementation of the gratis allotment of Stock Acquisition Rights, subject to the confirmation of the shareholders’ intent.

c. Rationality of the Plan

For the following reasons, the Company believes that the Plan has high level of rationality.

(i) Satisfying the Requirements of the Guidelines for Takeover Defense Measures

Further, regarding the need to trigger the Plan in case of a Large-Scale Acquisition, the intent of the Company’s shareholders may be confirmed at a general meeting of shareholders.

(iii) Establishment and Decision of the Committee.

In order to operate the Plan appropriately and eliminate arbitrary decisions by Directors to ensure rationality and fairness of its decisions, the Company has established the Committee comprised solely of independent outside parties. The Company’s Board of Directors, in exercising its role under the Companies Act, shall pass a resolution respecting such decision by the Committee as much as possible.

(iv) Establishment of reasonable objective requirements

The Plan is established in such a manner as to prevent being triggered unless reasonable and objective

requirements have been satisfied, and a structure to prevent arbitrary triggering by the Company's Board of Directors is ensured.

(v) Obtaining Advice of Outside Experts

The Committee may, at the Company's expense, obtain advice of outside experts who are independent from the Company and the Committee, further ensuring the fairness and objectivity of decisions to be made by the Committee.

(vi) Abolition of the Plan

If the Board of Directors passes a resolution to abolish the Plan, the Plan shall be abolished in accordance with that resolution.
