1. The forward-looking statements, including operational forecasts, contained in this document are based on the information currently available to the company and on certain assumptions which the company regards as legitimate. Results may differ from forecasts due to changes in the economic conditions in the company's principal markets, demand for the company's products, and exchange rate fluctuations, and impacts of changes in regulations, accounting principles and practices. The forecasts may change without prior notice unless required by laws.
2. Amounts are rounded down to the nearest million yen for the calculation of year-on-year percentage difference and composition ratios.
