(Forecast) March, 2026				30.00	60.00

(Note) 1. Revision of dividend forecast in the current quarter: No

2. The Company has implemented the stock split with an effective date of October 1, 2024 and a record date of September 30, 2024. Each share of common stock has been split into five shares. The above year-end dividend per share for the fiscal year ended March 31, 2025 is based on a number of shares taking into account the stock split. The total annual dividend per share for the fiscal year ended March 31, 2025 is not presented because the total of the interim dividend and the year-end dividend cannot be calculated due to effect of the stock split. With taking the stock split into account, the interim dividend per share for the fiscal year ended March 31, 2025 would be 28 yen and the total annual dividend per share for the fiscal year ended March 31, 2025 would be 56 yen.

(Segment information)

(1) Outline of reportable segments

Reportable segments of the Group are determined as segments whose separate financial information is available among the constituent units of the Group and which are regularly used by the Board of Directors, the chief operating decision maker, to determine the allocation of management resources and to evaluate their business results.

The Group has divisions by product, and each division develops comprehensive domestic and overseas strategies for its products and conducts business activities.

The Group's segments are based on three product divisions, and its three reportable segments are the Industrial Tape segment the Optronics segment and the Human Life segment. Each reportable segment is grouped into one operating segment based on similarities in products, markets, and other aspects.

Intersegment revenue is based on prevailing market prices.

Major products for each segment

Operating segment	Major products or business
Industrial Tape	Functional Base Products (bonding and joining products, protective materials, processing materials, automotive products, etc.)
Optronics	Information Fine Materials (optical films, etc.), Circuits Materials (CIS (Circuit Integrated Suspension), high-precision circuits, etc.)
Human Life	Life Science (oligonucleotide contract manufacturing business, nucleic acid synthesis materials, nucleic acid drug discovery, medical products, etc.), Membrane (high-polymer separation membrane), Personal Care Materials (functional film for hygienic materials, etc.)
Others	New Business, Other Products

(2) Information regarding revenue, profit or loss by segments
