Ayaka Furue began playing golf at the age of three. After winning several of the top junior tournaments, she went on to win the Fujitsu Ladies Golf Tournament in September 2019 as an amateur player. She turned professional in October of the same year, and in 2020 she posted three wins in Japan, securing her status as a women's professional golfer in

the country. In 2022, Ms. Furue moved to the United States, where she has been an active member of the Ladies Professional Golf Association (LPGA). Participating in the Trust Golf Women's Scottish Open in July of that year, she posted her first LPGA victory. She is expected to be an enthusiastic competitor in the 2023 LPGA Tour.

As a full line-up manufacturer of material handling equipment, Mitsubishi Logisnext continues to expand its business worldwide with a focus on sales of forklifts and material handling equipment.
